

Wedding Receptions

At the

Colne Valley Railway Castle Heddingham, Essex, CO9 3DZ

Set in the North Essex countryside, our preserved Heritage Railway can offer an unusual setting for your Special Day.

There are several options available to you, depending on the size of your party and your requirements.

We have a large grass area suitable for marquees or outside catering.

You could also have a steam or diesel train running, giving rides to suit.

Aquila

For smaller parties we have Pullman carriages which can be static or steam/diesel hauled along our 1 mile length of line.

Aquila (built in 1951) can seat 18

Hermione (built 1936) can seat 40

Film fans may be interested to know Hermione features in *The Woman in Black* with Daniel Radcliffe.

There is also a licenced bar carriage.

Hermione

To discuss your requirements and arrange a visit, please call Sally on 01787 461174 or email info@colnevalleyrailway.co.uk
